Edition 10, Volume 1

Meet Section 10's New President-Elect: Dr. Misha Bogomaz

Dr. Misha Bogomaz is a Licensed Psychologist and a Certified Group Psychotherapist. He is the training coordinator at University of North Florida Counseling Center, sees clients at his private practice, and teaches at an undergraduate level. When it comes to his clinical work, Dr. Bogomaz loves object-relations approach with Melanie Klein never far off his mind. He can be stopped at any time to have a discussion about theoretical orientations, transference, countertransference, and the structure of the human mind. In addition to individual counseling, Dr. Bogomaz is passionate about group psychotherapy, leadership, and followership. He believes that human beings are social animals and groups can make or break us. When not at work, Dr. Bogomaz enjoys spending time with his wonderful wife, salsa dancing, reading, listening to Teaching Company lectures, playing XBOX, meditation, and drinking hot tea (even in hot Florida weather). In addition to his leadership in Section 10, Dr. Bogomaz is the chair of Early Career Task Force for Division 49.

Don't forget to renew your Section 10 membership for 2017!

Click here to renew now.

As a reminder, in order to continue to be a member, you need to formally register via Section 10's website and pay a small annual fee of \$10. For those who register for both Division 12 and Section 10 at the same time (<http://www.div12.org/membership/>), the Section fee will be reduced to \$5.

Upcoming Podcast

December's episode features a graduate student spotlight on Chris Diaz, M.S., a 2nd-year doctoral student at Drexel University's Clinical Psychology Ph.D. program. A military Veteran and Pat Tillman scholar, Chris is interested in the cross-section between clinical and performance psychology. He is also the founder of performance psychology think tank Serve1. For a brief biography of Chris, you can visit:

Internship Hotel Match-Up - Great Resource for Internship Applicants!!

The Society for a Science of Clinical Psychology (<http://www.sscpweb.org/>) is excited to announce a great resource for students applying for internship. This is the second year of this program, which yielded over 110 entries last year!

The SSCP Internship Hotel Match-Up will allow interested students to complete a request for each date and location for which they would like to share a hotel during the internship interview process. Students can then find other students with requests for the same date and location and contact them in order to make hotel arrangements. This program is open to ALL students applying to internship this year, regardless of program type (clinical, counseling, school, APA, CPA, non-accredited) and regardless of whether or not you are a member of SSCP.

If you are interested in participating in the SSCP Internship Hotel Match-Up, please complete a SEPARATE FORM for each interview date and location. The form can be accessed here: <http://tinyurl.com/sscphotels2016>. Please note that, by filling out the form, you are providing personally identifiable information (name, email, etc.) that will be available to others who also complete the form, and SSCP is unable to verify participants' identities.

While we expect that everyone who fills out the link is who they say they are, you are coordinating rooming arrangements with someone you (probably) don't know, so we strongly encourage you to vet the people you are considering staying with and be cautious when coordinating room shares. This might mean asking for an institutional email address (if the person did not provide one), speaking to the person on the phone or Skype before meeting in person, or even asking for a quick reference email from a supervisor or colleague. You are in no way obligated to room with someone who makes you uncomfortable in any way or with whom you do not feel safe. If you have questions about this, please contact Sarah (sevictor@psych.ubc.ca).

Once you complete your information, you will be able to access the document with other student's requests and information (please note this may take up to 24 hours). You can then contact other students who are requesting the same date(s) and location(s) to coordinate your hotel plans! Please look for an email with additional instructions once you have completed the form.

November's Blog

Check out November's blog written by Cassandra L. Boness, M.A. (Doctoral Candidate, University of Missouri). She discusses clinical considerations for working with deaf clients.

Internship and Post-Doc Database

Don't forget about our Internship and Post-Doc Database! As a reminder, Section 10 has created a database of early career psychologists who have recently completed their internship and post-docs across the country. If you are currently applying and would like to contact individuals who trained at your sites of interest or the ones you are interviewing at, please email div12sec10@gmail.com.

Happy Holidays from your Section 10 officers!
